## HOW IT'S DONE IN WAKEFIELD:

- VOTER REGISTRATION
- LOCAL ELECTIONS
- TOWN MEETING

*Prepared by the Town Clerk and the League of Women Voters of Wakefield*

### TO REGISTER TO VOTE IN WAKEFIELD YOU MUST BE:

- an American citizen (native-born or naturalized)
- at least 18 years old on the date of the election
- a resident of Wakefield, Massachusetts

### TO REGISTER TO VOTE YOU MUST:

- appear in person before an authorized Registrar of Voters

### WHEN AND WHERE TO REGISTER:

- 9 am to 5 pm, Monday through Friday, and during any extra hours scheduled by the Board of Registrars (see local newspapers for times).
- Town Clerk's office, first floor, William J. Lee Memorial Town Hall, One Lafayette Street, OR in any other city or town in the Commonwealth of Massachusetts (your registration will be forwarded to Wakefield Town Clerk for inclusion on local voting list).

### DEADLINES FOR REGISTRATION:

- To vote in state or presidential primaries or state elections, you must register to vote at least 28 days before the election.
- To vote in local elections, or to vote at Annual Town Meeting, you must register to vote at least 20 days prior to the election.
- To vote at a Special Town Meeting, you must register at least 10 days prior to the meeting.

### MORE ABOUT REGISTRATION

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. However, failure to respond to the Annual Census may result in being dropped from the list of Registered Voters, per Chapter 51 — Section 4. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the changes to assure being able to vote in the new precinct, otherwise he must vote in his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of her office, serves as clerk of the board.

### POLLING PLACES

1. Precinct 1 — Masonic Lodge
2. Precinct 2 — Atwell-Junior High School Gym
3. Precinct 3 — Franklin School
4. Precinct 4 — Greenwood Fire Station
5. Precinct 5 — West Side Social Club
6. Precinct 6 — West Side Social Club
7. Precinct 7 — Dolbeare School

## LOCAL ELECTIONS

Local elections are held annually on the last Tuesday in April and are non-partisan. Write-ins are permitted, and absentee voting is allowed.

## TO BECOME A CANDIDATE FOR LOCAL OFFICE, A CITIZEN MUST:

- be a registered voter in Wakefield, Massachusetts.
- obtain nomination papers from the Town Clerk (one set of papers for each office sought in the election).
- obtain the signatures of 50 citizens who are registered to vote in Wakefield.
- submit nomination papers to the Board of Registrars 49 days prior to the town election for certification of the signatures.
- file nomination papers with the Town Clerk by 5 pm on the 35th day before the town election. This places the candidate's name officially on the ballot.

## TO JOIN A POLITICAL PARTY

A citizen may choose to declare his/her choice of political affiliation when he/she registers to vote, or may declare his/her party choice when voting in primary elections. If a voter chooses not to declare his/her party, he/she will be listed as an "un-enrolled voter" on voting lists.

## TO CHANGE OR CANCEL PARTY ENROLLMENT/SERVE AS A DELEGATE

A voter may appear in person at the Town Clerk's office or use the postal system to change his/her party designation. This may be done at any time.

A party member is eligible to be a delegate to his/her party conventions; delegates are chosen every four years on the presidential primary ballot.

## PROCEDURE AT TOWN MEETING

The Moderator, an elected town official, presides at Town Meetings. He/she begins by reading the call for the meeting. Usually a motion is made to waive further reading of the warrant, with the exception of the constable's return (which the law demands be read), and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.\*

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations," and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such department as may be permitted to make recommendations, the sponsor of the article is usually allowed to present his/her case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's bylaws, such as:

- Stand, address the moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.
- Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.

- Speak not more than two minutes on any one of the following motions:
  - Motion to adjourn
  - Motion to lay on the table
  - Motion to take from the table
  - Motion to put the previous question

(These motions only are in order when a question is under debate. Total time allowed for debate on each motion is six minutes.)

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his/her motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, pertinent to town meetings in Cushings' Manual of Parliamentary Procedure.

### THE TOWN MEETING WARRANT

The Town Meeting Warrant is a collection of articles presented by departments, committees and voters for consideration at an Annual or Special Town Meeting. The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be substantially as the voters' names appear on the voting list. Voters may request the advise of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

### THE ANNUAL REPORT

The Annual Report is comprised of reports from all Town departments, including operating expenses and statistical information. The Annual Report is compiled by the Selectmen's office, and copies are available free prior to Annual Town Meeting.

---

\*Amended. , Warrant articles to be taken up for consideration by lottery system. See Report of the Town Clerk, Special Town Meeting, November 7, 1991, Article 7, later in this Annual Report.

# *Report of the Board of Selectmen*

At the Board's organizational meeting, following the Town Election in April, Judy S. Babb was elected Chairman, and J. Edward Surette, III was elected Secretary. The other members of the Board are Brian M. Cresta, J. Trudy Delory and Wayne M. Tarr.

The powers, duties, and responsibilities of the Board of Selectmen are broadly diversified in hundreds of sections of law applying directly to Selectmen.

The Town of Wakefield operates under the Board of Selectmen — Executive Secretary plan of municipal administration; which plan maintains the Selectmen in their traditional role as the elected directors of the municipality, and provides for an administrator to carry out administrative assignments within a policy framework established by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen affect the functioning of all Town departments, and central coordination is essential to an effective and efficient municipal administration.

The necessity for effective liaison and representation between the Town, the Federal Government, the State Government, and metropolitan agencies continues to be increasingly complex and demanding. The Town's active participation is necessary to the Town's responsible representation in an area of significant socio-economic impact.

The Group Insurance Program of hospital, medical, surgical and life insurance benefits, authorized for Town employees by referendum action on March 2, 1958, and extended to cover the employees who retired after the original acceptance of the legislation, which provided group insurance benefits to Town employees (Chapter 595, Acts of 1959), continues to present the best features of any plan of protection for Town employees. There are presently 319 active employees, 295 pensioners, 127 Medex III and 35 surviving spouse members in the Blue Cross/Blue Shield Plan; 572 active employees and 333 pensioners in the basic life insurance program; 297 active employees and 21 pensioners and 6 surviving spouse members in the Harvard Health Maintenance Organization. The gross premium costs amount to over \$4,444,655.64 of which the Town contributed \$3,462,868.75.

Chapter 763 of the Acts of the year 1965, became effective on February 16, 1966, which constituted enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, and (b) dominating or interfering with any employee organization, (c) discharging or discriminating against any employee who testified before the State Labor Relations Commission on a specific proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed, or his representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Board in towns for the purpose of this statute, except as to School Department personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts.

Chapter 1078 of the Acts of the year 1973 has identified municipal labor contract negotiations as a matter of serious fiscal consequences. The Board of Selectmen has long recognized the necessity for professional representation at the bargain-

ing table, and has continued to engage specialized legal services in this important relationship.

The Board observed with regret the deaths of the following active and retired employees:

## *Report of the Town Planning Board*

The Planning Board is an elected five member Board. It has jurisdiction over the subdivision of land and the regulation of the use of land. The Board is also charged, by the Massachusetts General Laws, to engage in long term planning.

In 1991, the Board held 22 regular meetings and eight public hearings; it approved one definitive subdivision, one modification of a definitive subdivision plan, two preliminary plans and fifteen approval not required plans.

The Board held the required Public Hearings for the five pending Town Meeting 1991 Annual Warrant Articles. The Planning Board reported on each article. Details of the articles are in the Town Clerk's Report. Missing from the Town Clerk's Report are two articles regarding a proposed Sign Bylaw. After the Public Hearing on the proposed Sign Bylaw, the Board voted to withdraw the Article and make some revisions to the proposal. The Planning Board continued to work on the Sign Bylaw throughout 1991 and plans to submit the re-worked Sign Bylaw to the 1992 Annual Warrant.

In March, the Board finished its review and held a Public Hearing on the revision of the Board of Survey Rules and Regulations. The Board voted to adopt the new Board of Survey Rules and Regulations.

At the Board's organizational meeting, following the Town Election in April, Nancy H. Cahill was elected Chairperson, Bette B. Shallcross was elected Vice-Chairperson, Richard G. Phipps was elected Secretary. The Board voted to re-appoint Donald Onusseit as Consulting Engineer and Linda Donaldson as Clerk.

Respectfully submitted,

Town Planning Board

NANCY H. CAHILL, Chairperson

BETTE B. SHALLCROSS, Vice-Chairperson

RICHARD G. PHIPPS, Secretary

# *Report of Conservation Commission*

In 1991, the Conservation Commission met in 24 formal sessions and conducted numerous public hearings and site visits to investigate new wetland filings and citizens complaints, to review ongoing and completed projects and to conduct other business as necessary to carry out our mandated functions.

1991 was a year of transition for the Commission in spite of which the Commission continued to carry out its vital duties protecting the Town's wetland resources. Most of the Commission's time was taken up with the administration and enforcement of the Wetlands Protection Act via the review of wetland filings and several enforcement actions.

The Commission bid farewell to three Commissioners: After a long and distinguished tenure, Gertrude Spaulding, whose contribution to the Commission is immeasurable, resigned to concentrate on two areas of particular interest to her — Lake Quannapowitt and open space in Wakefield. She will continue as chairperson of the Open Space Subcommittee. Birlyn Flint Jr. also resigned after presiding over a crucial period in the Commission's history in which several important and controversial projects were reviewed. Alfred R. Razzaboni resigned after a short but no less significant period of service to the Commission. Their contributions to the underappreciated and time-consuming efforts of the Commission are well noted with our gratitude.

Robert E. Moores, Jr., Philip B. Posner and Robert Gonzalez were appointed over the course of the year to fill the vacancies left by the departure of the aforementioned.

tioned Commissioners. Mr. Moores assumed Chairmanship of the Commission in September upon Mr. Flint's resignation.

The Commission reviewed 3 Determinations of Applicability, 19 Notices of Intent and several other matters requiring investigation and approval. The Commission collected over \$2000.00 in filing fees during the 1991 calendar year, all of which goes to offset part of the Commission's operating budget. 13 Orders of Condition were issued and 4 Orders of Denial were issued. One Order of Conditions was appealed to the Massachusetts Department of Environmental Protection and upheld upon issuance of a Superseding Order of Conditions. Another Order was under review as of year end. All of the Orders of Denial were appealed to the DEP and all were subsequently upheld by the DEP. Two have subsequently been appealed further and await adjudicatory review. The Commission dealt with several controversial projects including the proposal for a Mobil gas station at the corner of Montrose and Salem Sts., the proposed Spring Meadow Estates in Greenwood off Bathol Street and others. Three enforcement orders were issued including a major issuance to the B & M Railroad Corporation for violations during work done along the Newburyport Branch line running through Wakefield. Two of the actions, including the B & M action, seem to have been resolved successfully via the proper filing of Notices of Intent and the issuance of Orders of Conditions to correct the violations involved. The Commission has striven to the best of its ability to resolve each issue in a fair and equitable manner while serving the best interest and essential spirit of the Wetlands Protection Act.

The Commission recognizes the invaluable contributions of its former members, and its new members and the continuing capable and professional assistance of our Consultant, Elaine Vreeland, and our Recording Clerk, Ruth Fernald.

We look forward to the continuing and unfinished work of the Commission, including the review and updating of the Town's Open Space and Recreation Plan in 1992, and the continuing challenges of wetland and resource protection in the 1990's and beyond.

## *Report of Americal Civic Center*

The Americal Civic Center Board has made great improvements in the facility during the past fiscal year. Some of these changes are obvious to the passing motorist like the exterior painting and the first phase of our landscaping project which put several new trees and a large number of flowering shrubs in place last spring and will continue next year with an expanded planting program and the addition of new exterior lighting. Other exterior work such as fence replacement, signage upgrading and spot repairs of the roof were also part of the year's activities.

The completion of the Heritage Room was officially celebrated with a town-wide open house last May, historically accurate lighting was added to the main lobby ceiling and new carpet runners were purchased for the same area. The floor in the Exhibition Hall was repaired, sanded, and refinished. The first and second floor public bathrooms were painted and papered and the lower level hall and meeting room are now being painted, papered, and carpeted. There has been upgrading of the heating plant, radiator covers built in several areas and a number of ceilings repaired and painted.

The building has hosted a staggering array of activities and our rentals have remained steady throughout these difficult economic times. The Americal Civic Center belongs to all of us. We hope that these changes and improvements will serve to reinforce our town pride in having such a remarkable historic treasure in our community.

## *Economic Advisory Task Force Report*

The Wakefield Economic Advisory Task Force, formed by the Board of Selectmen in December 1990, is charged with developing recommendations and practical ways for town government to help boost the local economy and provide for a better business environment.

The Economic Advisory Task Force began its charge in January 1991 by deciding on an appropriate approach to helping boost the local economy.

First, the Task Force determined that a good relationship and professional trust must be built between the Task Force and the local business owners and managers. Because without that confidence, it would be difficult to have open communication and receive input from those businesses most affected by the poor economic conditions.

Secondly, the Task Force decided that it must encourage active participation from local elected and appointed town officials, the decision makers. The Task Force, however, wanted to be sure that objectivity and productivity was the bottom line to its recommendations and not politics.

Third, and perhaps most important, the Task Force wanted to be a voice for the Wakefield consumer and resident who, while also affected by the slide in the economy, is the key to any form of economic recovery. If the local consumer is not spending, there is obviously less money invested in local business goods and services, like food products, clothing, and household items. The Task Force wanted an answer to the basic question, "How satisfied are residents with local businesses and what could be done to improve local sales?"

In trying to balance all three approaches, the Economic Advisory Task Force decided to hold a series of meetings inviting business leaders, local officials and the general public to discuss various topics, such as back-flow devices for pollution prevention, proposed new sign bylaws, tax classification and business development. The Task Force also decided that the best way to seek input from all residents was to conduct a survey and encourage participation.

A sub-committee headed by Thomas Markham, Warren Magoon, Nanci Ruehrwein and Charles Hartshorne was appointed from members of the Task Force and charged with getting the survey underway in an expedient manner and with the assistance and cooperation of local officials and boards. The *Shopping & Business Survey*, written by the sub-committee, was endorsed by the Board of Selectmen and printed by graphic arts students at Northeast Regional Vocational High School. The Wakefield-Lynnfield Kiwanis Club, Hartshorne Insurance Co., Lubie's Jewelry and the Wakefield Rotary Club co-sponsored the survey by paying the printing costs. The survey was then mailed, as an insert to the May & June 1991 municipal light bill, to every residence and business in Wakefield with the cooperation and permission of the Municipal Light Department Commissioners and staff. Completed surveys were also mailed back to the MLD office for collection.

The Task Force recognized that the surveys would not be useful unless a substantial number of responses were received. With just over 11,000 surveys mailed out, the Task Force was hoping for a response rate of 6%-8%, or approximately 600-800 completed surveys. By statistical standards, a response rate in this area would have been an adequate representative sample of Wakefield consumers.

It was now incumbent upon the Task Force to engage in an educational and awareness campaign in hopes to sparking interest in residents to complete and return their surveys. With the promotional help of the Wakefield Chamber of Commerce, many individual businesses, the *Wakefield Daily Item*, the *Wakefield Daily Times Chronicle*, the *Wakefield Observer* and WCAT (channel 3), the message of "Please Respond" was sent out to Wakefield residents.

And respond they did. The number of returned surveys was 2594, almost a 25% return rate! With such an exceptional response, it is clear that the consumers of Wakefield have something to say and they wanted to be heard. After much survey collection, counting, scoring, tabulation and cross tabulation the Task Force's sub-committee completed the public opinion research associated with the survey.

The data was then consolidated and used to present solid recommendations for boosting the economic health of Wakefield and meeting consumer needs. A *Report to the Board of Selectmen* was then completed and a public hearing was held to review survey results and get public input on the four point plan outlining the recommendations for an improved local economy.

**Four Point Plan for an Improved Local Economy:**

1. Encourage the development and operation of a **Supermarket** in Wakefield.
2. Explore the formation of a **Community Development Director** for Wakefield.
3. Foster the **Development of a Closer Working Relationship** between the town officials and the local and corporate business owners, merchants and shop managers in taking action to boost the local economy and meet consumer needs.
4. Continue the **Economic Advisory Task Force** for another year with the specific charge of bringing a Supermarket to Wakefield, researching a grant writer, authoring a prospectus on community development and, by working the Chamber of Commerce, to bring both public and private sector issues to the fore-front.

The *Report to the Board of Selectmen* was presented to the Board on January 27, 1992. The Report and the Four Point Plan was accepted and approved. The Task Force is moving forward.

## *Report of the Wakefield Historical Commission*

During 1991, the Wakefield Historical Commission continued its work in preserving and protecting the gravestones in the Old Burying Ground. The Burying Ground, established in 1689, contains some of the oldest and best examples of Puritan gravestone art in the nation. During two "Old Burying Ground Preservation Days," the Commission, along with volunteers from the community, were successful in resetting over 55 of the old slate stones; 5 more were repaired.

The Commission has established a special fund and is accepting donations to assist in the expert repair of some of the more damaged stones.

In addition, the Commission continued its work of preserving local history through its oral history program, through which it is preserving the historic recollections of our senior citizens. The Commission also began an ongoing television series on the local television station Wakefield Community Access Television (WCAT). The "Remember When" series captures excerpts from oral history interviews in half-hour formats, and has been very well received by the community.

In 1991 the Commission was delighted to learn that its longer format video documentary, "Like It Used To Be: an oral history of Wakefield," was honored as a finalist in a national video competition.

Through a grant from the Massachusetts Cultural Council, as administered by the Wakefield Arts Lottery Council, the Commission is able to archive its oral history "Remember When" video programs at the Beebe Memorial Library, where they can be borrowed by interested persons.

The Wakefield Historical Commission was instrumental in assisting with the genesis of Wakefield 350, the non profit corporation which will coordinate the celebration of its 350th anniversary in 1994. Wakefield 350 will take as its primary celebration period the time between May 30 and July 4 in 1994 and has adopted as one of its primary aims the publication of a history of the town, as has become traditional on its 50-year anniversaries.

In conjunction with Wakefield 350, the Wakefield Historical Society, the Hartshorne House Association and the First Parish Congregational Church, the Wakefield Historical Commission was delighted to participate in "Heritage Day," a townwide celebration of the town's history. Hundreds of residents turned out to participate in the day's events.

In preparation for 1994, the Commission has prepared a "time capsule" to be buried during that year. The contents of the "time capsule" will be determined by a town-wide poll.

In attempting to stimulate in Wakefield's children an appreciation of the town's history and to encourage them to see a need for the preservation of its historic buildings and sites, the Commission sponsored a Preservation Month Essay Contest that, with the assistance of the Wakefield Public School Department, was participated in by second and fifth graders townwide. Through the *Wakefield Daily Item*, the winning essays were published; the youngsters also received "Preservation Month" awards.

In 1991, the Wakefield Historical Commission continued to help guide residents seeking the history of their residences. A pamphlet "Researching the History of Your House" was published by the Commission and distributed through the Beebe Memorial Library.

As its primary aim at its genesis was the preservation of the town's old buildings, the Historical Commission continues to attempt to be aware of potentially destructive changes in historic buildings, and maintains a "Demolition Delay Bylaw" in the event of a threat to one of the Town's historic structures.

The Annual Honor Award, the Commission's highest distinction, was bestowed upon the Hartshorne House Association for its outstanding ongoing work of preserving the Hartshorne House. In particular, the Commission recognized the restoration of the historic roof of the property.

In addition, honorary Citations have been issued. For outstanding exterior preservation/restoration of a structure:

- 3 Common Street, owned by Dr. C. Edward Jackson and
- 21 Chestnut Street, owned by Ned Lofton

For an outstanding effort in preserving an integral part of a historic structure: The First Baptist Church's Save the Steeple Committee

For an outstanding ongoing display of photographs of historic Wakefield: Bob Moses for Wakefield's Restaurant

For its yearlong spectrum of activities celebrating its 100th anniversary year: The Wakefield Historical Society

For an outstanding, innovative project teaching Wakefield's history, the following fifth grade teachers at the Atwell School were honored for the Wakefield's history quilt: Elaine Coppobianco, Sarah Burnett, Bia Perra, MaryFrances Piselli, Sue Frotten, Maggie Riordan, Jeannette Quigley, Mary Shea.

Honored for the Wakefield history mosaic: Joy Schilling, Ellie Yessaian's class, Carol Walker's class, Gary St. Cyr's class, Marge McGrath, Principal.

Finally, the Wakefield Historical Commission provided a capsule history of the town to the Wakefield Guide and Directory telephone book, which is distributed and used town-wide.

## *Report of the Wakefield Commission on Disability Issues*

During 1991, the Commission was successful in expanding the rights of the disabled in Wakefield. During the Annual Town Meeting of May 20, 1991, Attorney Michael Pierce, a Commission member, led a fight by fellow Commission members and concerned citizens to overturn a Finance Committee recommendation for indefinite postponement of an Article that would allow the Police Department to issue tickets to individuals who park in Handicapped spaces in private parking lots. The measure subsequently passed overwhelmingly on a vote of 221 For and 22 Against.

This Article was later approved by the Attorney General's office and went into effect on October 1, 1991. The new bylaw now allows police to issue tickets in private parking lots of apartment buildings, stores and plazas. It does not impinge on the right of homeowners to control their own parking areas.

The Commission also learned from Parking Clerk and member Michael Nasella, that a trial program of issuing temporary handicapped placards to people who were temporarily disabled by injury or disease, had been a resounding success. The Commission plans on asking the Selectmen for permission to institute the program on a permanent basis.

Commission member Florence Brickett submitted a plan for the issuance of a brochure which would outline various services available and various local buildings, businesses and religious buildings accessible to the physically disabled. This plan will be followed through in 1992.

The Commission on Disability Issues receives no town funding for any of its activities.

## ANNUAL REPORT FOR 1991

The Wakefield Police Department in 1991 experienced its busiest year on record in both requests for police service and severity of incidents and investigations. Numerous factors have resulted in a decline in the number of officers on the Department, however the demand for service has steadily increased. Citizen calls for police intervention over a twenty-four hour period indicated demand as outlined below:

### REQUESTS FOR SERVICE

11:30 P.M. to 7:30 A.M. shift	2,175 calls
7:30 A.M. to 3:30 P.M. shift	3,278 calls
3:30 P.M. to 11:30 P.M. shift	4,421 calls
<b>TOTAL CALLS FOR 1991</b>	<b>9,874</b>

The Department responded to and began investigations on hundreds of reported crimes, most serious among them were a homicide, a series of automotive arson cases, and a significant single incident armed robbery involving over twenty victims. The arrest activity of the Department for 1991 was as follows:

### Arrest Activity

Males	778	Females	118	<b>Total Arrests</b>	896
Adults	843	Juveniles	53	<b>Total Arrests</b>	896

Significant crime category totals for this year included:

Murder	1
Rape	4
Robbery (All Categories)	10
Kidnapping	2
Burglary (All Categories)	236
Motor Vehicles Stolen	76
Domestic Disturbance	79

Increasing the safety of pedestrian and vehicular travel has a high priority for the Department. Efforts to control and regulate Wakefield's resident and visitor traffic have included selective enforcement and directed patrols in those areas of citizen complaint and/or high accident frequency.

### Traffic Activity

Accidents Investigated	311
Vehicles Involved	574
Accidents W/O Injuries	210
Accidents With Injuries	100
Fatal Accidents	1
Motor Vehicle Citations Issued	1681
Parking Violations Issued	2247

## Traffic Enforcement/Accident Results

## Three Year Summary

Current economic conditions in the Town required the Department to re-examine its operations based upon available resources to provide the highest quality of police services possible within budgetary limitations.

The Town provided, with private support from the business community, a major piece of equipment to improve Department operations. The Department brought on line in March a new management information system that will enable us to effectively track both operations and administrative efforts while increasing the accuracy of both fiscal needs projections and criminal activity profiles.

A new fleet management plan was established for purchase, use, service and replacement of all Department motor vehicles. A major component of this plan is that all vehicle maintenance services are performed by the Department of Public Works. This fleet plan utilizes an older vehicle on a temporary basis to keep officers on patrol while police vehicle maintenance and repairs are being completed.

The Department recognizes its obligation to provide professional police service, seeks those resources necessary to accomplish our mission and welcomes citizen participation toward maintaining a high quality of life in Wakefield.

STEPHEN DOHERTY

In 1991 the Wakefield Fire Department consisted of a Chief, four (4) Captains, four (4) Lieutenants, and thirty-nine (39) Firefighters.

During the year 1991 Captain Charles Curran retired, after serving the department and town for forty-six (46) years of dedicated and devoted service.

Firefighter Joseph Tecce also retired after twenty-four (24) years of dedicated and devoted service.

Firefighter Robert Taggart was laid-off because of lack of sufficient funds. He was a member of the department for three (3) years.

**TRAINING**

The department conducted daily training programs on various fire department operations.

Department members attended courses conducted by the Massachusetts Fire Academy on the following subjects: Incidents Command System, Celebrity Series — Lessons Learned, Juvenile Firesetter Intervention, Fire Service Supervision (increasing team effectiveness), Hazardous Material Recognition and Identification and Identification and Handling Gas Emergencies.

### APPARATUS & VEHICLES

1990 Ford Pick-Up  
1987 Ford L.T.D. Sedan  
1986 Mack 1250 G.P.M. Pumper  
1979 Mack 1,000 G.P.M. Pumper

1975 American LaFrance  
1973 1250 G.P.M. Pumper (Reserve)  
1956 Mack 750 G.P.M. Pumper (Reserve)

Age of apparatus has necessitated an increase for continued maintenance, particularly the 1975 Aerial Ladder and 1975 Maxim Pumper.

These two vehicles should be replaced in F.Y.-95, so that we can continue to provide reliable and dependable service to the town.

Maintenance of Fire Department equipment and vehicles has been put under the jurisdiction of the Department of Public Works Vehicle Maintenance Division.

In conclusion, I wish to express my sincere thanks and appreciation to all department members and the Auxiliary Fire Department (lighting unit) for their cooperation and assistance throughout the year 1991.

Chief of Fire Department

## *Report for 1991 Fire Alarm Fire-Police Traffic*

In Fiscal 92, we were limited to projects that were necessary to do, rather than the projects to be done just for the sake of updating the system.

Two master boxes were tied into the system, and at present we are replacing four street boxes that are outdated, but are still in use.

Because of unknown reasons, a piece of red fire alarm cable ("C" wire), went bad and we had to replace 750 Ft. Also we replaced 1300 Ft. of underground multi-conductor cable on Main Street, due to its age and the need of more conductors down in the Greenwood area.

In the last few weeks, I went and contracted Traffic Systems of Worcester, Ma. to work on the traffic lights at Church Street and North Ave. They will be

changing the pedestrian phase to as we call it a "Exclusive Pedestrian Phase," which means when a person presses the cross button at the intersection, all the lights on all four sides will turn red at the same time, so they can cross. Right now only the street that you are crossing goes red, and the traffic going the other way could turn into the pedestrian crossing.

ALBERT D. UVA  
Supt. of Fire Alarm

## *Report of Forest Warden*

During the year 1991, there were a total of 57 woods and brush fires.  
The open burning season was from the period January 15th until May 1st.

## *Report of Director of Civil Defense*

The Civil Defense Department continues to function under the general direction and control of the Board of Selectmen, as is required under the provisions of Chapter 639 of the Acts of the year 1950.

The Auxiliary Fire continues under the jurisdiction of the Fire Chief and has worked in close cooperation with the Fire Department throughout 1991. Operation of the Civil Defense Rescue Truck has been available for all Fire calls.

The Director and all members of the Auxiliary serve on a volunteer basis.

Respectfully submitted,

WILLIAM P. HURTON

The Wakefield Board of Health during the year 1991 has continued to focus on health prevention through immunizations, public clinics, through the immunization/health program for the Town citizens.

A flu clinic was held in October 1991 throughout the Town. There were 1550 flu vaccine doses administered, a 2½% increase, to the citizens of the Town at various locations.

Distribution of 8375 various other vaccines, such as, polio, measles, mumps, rubella, etc. were administered to Wakefield citizens. This represents an increase of 10% from 1990.

The Board of Health addresses important environmental issues, water testing at Lake Quannapowitt, the mosquito control program, which focuses on water management and limited amount of spraying. The radon test kits, which are available in the Health Office for a small fee.

The Board of Health adopted massage and tanning regulations.

The Board of Health has developed monthly seminars on current health issues which to date have been: 1) "Menopause and Osteoporosis," 2) "Contraception of the '90s," 3) "Stress Management," and 4) Blood Pressure clinics are offered free for Town employees.

The Board of Health supports the articles of East Middlesex Association for Retarded Citizens, Eastern Middlesex Human Services and East Middlesex Mosquito Control.

## *Report of Wakefield Housing Authority*

The Wakefield Housing Authority, established in 1963, is chartered to provide housing for low-income elders, families, and the disabled.

The Authority owns and manages three elderly housing developments: 116 apartments at Harts Hill/Woodbury Road, completed in 1964 and 1970; 25 apartments at Lincoln School House, completed in 1981; and 40 apartments at Crystal View, completed in 1980. In 1982 the Authority purchased three houses in Wakefield which now provide homes for eight families. The two programs of rental assistance — 707 funded by the Commonwealth and Section 8, funded by the Federal Government, assist approximately 210 families both in Wakefield and, where authorized, in other cities and towns. The Authority also provides 707 rental subsidy to 12 DMH residents of the renovated 5 Chestnut Street and to 9 DMH residents at the YMCA on Main Street. The Authority's newest development, the 689 house adjacent to the Hart's Hill complex, provides residential facilities for 8 Department of Mental Retardation clients.

During 1991, an extensive three-year program of property modernization was completed.

In September, Executive Director Katherine S. Maloney resigned her position in order to attend graduate school. Mary S. Sweeney was appointed Director as of January 1, 1992. Commissioner Jerome V. Sweeney tendered his resignation as of December 23, 1991. The term will be filled at the April Town Election.

Administrative staff include Mary S. Sweeney, Executive Director; Mary Gallucci, Leased Housing Coordinator; Emily Surette, Administrative Housing Manager; Myra Bartlett, Bookkeeper/Office Manager; Marion Reardon, Leased Housing Asst.; Beth Greenberg, Tenant Services Coordinator; Rita McNamara, Office Assistant. Burl Whelchel, Eugene Ruggerio and Richard Custodio maintain all properties.

Board meetings are held the third Tuesday of the month unless otherwise posted. Residents and townspeople are invited to attend.

## *Report of The Recreation Commission*

We are pleased to report that 1991 was a very successful year for the Recreation Department. A great deal of progress was made in developing facilities, expanding programs, improving services and planning for the future under tight budget constraints.

The Recreation Commission members elected John Shevlin as Chairman, Scott Wishart as Vice Chairman and Christine Gargano as Secretary. Roger Maloney was reappointed for his twenty-first year as Director and Carol Sullivan was appointed as Secretary to the Commission. The summer office in the basement of the Town Hall is staffed by newcomer Jeanne Sandstrum.

The summer programs in 1991 reflected a few changes. For the fifth year a fee was charged for participating in the summer clinics and sports programs. The lifeguards were reinstated and the Col. Connelly Beach was reopened by a vote of the Town Meeting. Because of the late Town Meeting, the annual brochure describing the summer programs was not distributed to the schools, so a late registration was held to enroll the children in each program. The response by the community was tremendous. Programs offered were gymnastics, cheerleading, basketball, baton twirling, bike trips, floor hockey, softball, baseball and soccer. Tennis lessons were a big hit. The beach drew quite a few eager young swimmers for the swimming lessons. Again this year, the University of New Hampshire presented their Little Red Wagon Theatre program on the Common, much to the delight of the children and their families.

Some of the improvements to our facilities during the season consisted of repairing fencing and the backstop at Moulton, Nasella, Sullivan and Veterans Field: replacing many broken seats and foot boards of the bleachers at Veterans and Sullivan; and replacing team benches at Nasella, Veterans and J.J. Rounds. We resodded portions of the front diamond at Nasella, Moulton and Veterans field. We repaired the merry go rounds at Nasella, Moulton and Col. Connelly Beach. New sand was delivered to Col. Connelly Beach and the tot lot at Moulton. New basketball surfaces were installed at Moulton playground.

The Recreation Department is the central permitting department for the utilization of all outside facilities such as playing fields and tennis courts and picnic areas. The Department is always ready to serve and provide requested services as best it can.

The Department will continue to work closely with the many various sport groups in Town as well as total coordination and cooperation with the Board of Public Works and the School Department.

The Recreation Department's most important long term goals are to expand and improve the recreational opportunities for the Wakefield citizens of all ages and abilities. The staff members are constantly evaluating the Department's services and programs, trying to develop new ideas, attempting to operate more efficiently, and trying to serve the recreational needs of the people of Wakefield in the best way possible.

As your Director, I would like to say that the Recreation Department is committed to help the Wakefield residents enrich their lives by using their leisure time productively. Pursuant to this goal, the department has sought to promote recreational opportunities that enhance the physical and mental health of individuals

of all ages and provide facilities that are safe, attractive and functional. I would like to give a hearty note of appreciation to the present Board members who donate their time and talents to the recreational programs for the Town of Wakefield. A salute also must go to the various town employees for their cooperation during the year.

## *Report of*

**DIRECTOR OF PUBLIC WORKS**

**Engineering Division**

**Buildings Division**

**Forestry and Park Division**

**Cemetery Division**

**Highway Division**

**Sewer Division**

**Water Division**

## *Report of The Director of Public Works*

As required by Chapter 48 of the Acts of 1950, an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit a report of the work accomplished in 1991 with thoughts for the future.

1. The RESCO costs have still not been resolved. As we indicated last year, the passage of the Massachusetts Clean Air Act in 1986 required the RESCO facility to install Acid Gas Scrubbers. Additionally, DEP has set requirements for residue disposal.

The pass thru costs for these improvements have been contested by Wakefield and the 12 other communities using the facility. In addition to contesting these costs we are trying to negotiate a long term (15 yr.) contract with RESCO which could solve our Solid Waste disposal problems for the long term at a reasonable cost. It is expected that a resolution can be arrived at in 1992.

2. The Town has completed its first full year of Curbside Recycling of newspapers, cans and bottles. This has resulted in removing 16.5% from the solid waste stream thus saving the high cost of disposal at the RESCO facility. Hopefully we can increase the tonnages of recycled materials to further reduce these costs.

3. The State DEP has mandated the removal of leaves from the solid waste stream as of December 31, 1991, thus the Town may be required to increase its composting operation at the Nahant Street Pit location or take further steps to compost the leaves. This regulation could increase our cost and may only be partially offset by the cost avoidance in not bringing this material to RESCO.

4. The Traffic Signals at Lowell and Vernon Streets were advertised and awarded by the Mass. DPW. Construction of these long awaited signals is expected to start in the spring of 1992.

5. The condition of the Town's Public Buildings is continuing to deteriorate and the appointment of a Town Hall Building Committee at the last Annual Town Meeting is a step toward the solution of this problem. It is anticipated that this committee will be expanded in 1992 to include the Police and Fire Stations as well.

6. The approval of the 1991 Annual Town Meeting of the water main improvement and replacement program should be completed in calendar year 1992 and further improve the Town's distribution system.

7. The DEP approved the injection of corrosion control chemicals into our water distribution system in late 1990 so that 1991 was the first full year of the use and has shown marked improvement in water quality in most areas of the Town.

8. The MWRA assessments are continuing to rise at an ever increasing rate particularly the sewer portion, which reflects the cost of abating pollution in Boston Harbor. Without help from both the State and Federal Governments, the rate payers will be burdened with oppressive water and sewer bills. The Town needs to work with all other MWRA communities toward this end as soon as possible.

9. Hurricane Bob visited Wakefield on August 19-20, 1991 and caused much damage to public and private trees, as well as phone, power and cable t.v. lines. This storm took several weeks to clean up and portions of the damage costs will be reimbursed by the Federal and State Emergency Management Agencies.

10. As mentioned in the last two years reports, the Town's fiscal problems are worsening, so that the future looks extremely bleak. Some services have already

been cut but if the trend continues, the cuts will need to be made in Town wide services that most certainly will affect the quality of life of all residents of Wakefield.

For details of Department accomplishments, I refer you to the attached reports.

In conclusion, I would like to thank the following Supervisors for their support during calendar year 1991 and for their assistance in preparing this report:

Robert Belanger	Forestry/Park and Cemetery Supervisor
Chester Confalone	Water/Sewer Supervisor
Gerald DeViller	Fleet Maintenance Supervisor
Donald Onusseit	Town Engineer
Louis Perillo	Highway Supervisor
Richard Stinson	Office Manager
Richard Testa	Building Supervisor

Additionally, I would like to extend my appreciation and gratitude to all employees of the Department of Public Works.

Respectfully submitted,

RICHARD C. BOUTIETTE, P.E.  
Director of Public Works

## ENGINEERING DIVISION

All engineering design for construction of streets, sidewalks, sewers, etc. are performed by this department. The inspection of construction by contractors and Town forces is also accomplished by this division. Additionally, this division assigns street numbers for new homes.

### Roadways

A. In response to a petition filed by the abutters, a preliminary design and cost estimate was prepared of the work required to bring Hartshorne Road up to the Town's public way standards.

B. Plans and specifications were prepared for the proposed improvements to Spaulding Street adjacent to the lower common area.

C. Inspection of the following developments were conducted: Beechtree Circle, Germano Drive, Mardeen Estates, Montrose Woods, Nablus Way, Pheasantwoods, Tobey Lane, and Velma Road.

### Sidewalks

A. At the request of abutters, several surveys and cost estimates were conducted and prepared respectively for proposed sidewalks throughout the Town.

### Water

A. Plans and specifications were prepared, and construction of a new 8 inch water main in Robert Street.

B. In response to the U.S. Environmental Protection Agency's new Surface Water Treatment Rules, the Engineering Division prepared and submitted a report on the Contract Time Determination of the Broadway Water Treatment Plant.

C. The Engineering Division began developing and inputting data necessary for a computer network analysis of the Town's Water Distribution System. Portions of this work have been used in providing recommendations for system improvements, in response to proposed developments and citizen complaints of low pressure.

D. Service was provided to the Water Division for locating and marking water mains as required.

### **Sanitary Sewers**

A. In response to a petition, a preliminary design and cost estimate was prepared for a sewer extension in Acorn Avenue.

B. Inspection services for new sanitary sewer service construction was provided to the Sewer Division as required.

### **Drainage**

A. Drainage studies were conducted at the following locations: Aldrich Road, Aldrich Circle, Chapman Road, Crescent Street, Fosters Lane, Hartshorne Road, Salem Street, and Traverse Street.

## REPORT OF THE SCHOOL COMMITTEE CHAIRMAN

### Reorganization — 1991

	Term Expires
Betsy Sheeran, Chairman 27 Spruce Street	1992
William Connelly, Jr., Secretary 15 Ledgewood Road	1992
Paul Bettano 118 Vernon Street	1992
William Chetwynd 59 Chestnut Street	1994
Joanne Dumont 16 White Avenue	1994
John Encarnacao 15 Walton Street	1993
Colleen Murphy 12 Longbow Road	1993
Student Members: Amy Carlucci Julie Cremone Stacey DeFeo Charles Sheeran Tricia Umile	

The School Committee members welcomed William Chetwynd to the School Committee and congratulated Joanne Dumont upon her re-election. Betsy Sheeran was elected Chairman and William Connelly was elected Secretary. School Committee members extended sincere best wishes to retiring member, Janice Poritzky. I, as Chairman, am most grateful to Mrs. Poritzky for her 13 year commitment to education, her accomplishments and her dedication to the students of Wakefield.

The John Rogers Galvin Junior High School was dedicated; the occasion was attended by General Galvin and I formally dedicated the building on October 25. This tribute was befitting a Wakefield man whose personal achievements were international coupled with his firm belief in education.

During these difficult fiscal times, much time, effort and concern led the School Committee through lengthy negotiations with all bargaining units. After many months, including a mediation process, all contracts were ratified by the School Committee and Town Meeting. At times, the ratification was subject to much discussion and debate. This led to a lengthy session of Town Meeting.

The School Committee is faced with a lack of financial commitment from the federal and state government with regard to funding. Because of this financial situation, we find ourselves searching for creative avenues which must be explored. It is necessary to follow these processes so that the students of the community are provided with the educational opportunities. We must take the responsibility as elected officials to set a determined course so that our youth are afforded the ad-

vantages they deserve. We accept this challenge and will continue to support education for all our students so that they may reach their potential. The community can only benefit from such an educated citizenry.

As the School Committee continues to provide programs for our students, we have had to choose alternative methods of providing for these educational opportunities. In an effort to adjust to declining funds, we have established a collaborative which is addressing "Educational Challenges and Opportunities for the Nineties." E.C.O.N. has selected areas in which cooperation and collaboration would provide continuous service, yet become a cost-saving implementation of these programs/services. Wakefield selected Special Education Out-Of-District Transportation as one of these areas. This joining with Melrose has proved successful and we will expand this in the future.

Programs which were at risk in Wakefield and Melrose have been retained by allowing students from the two communities to travel between our two high schools and take advantage of the courses. Melrose students are electing AP Calculus, AP Chemistry, Child Care and Food Services in Wakefield while German and Italian are being offered in Melrose. We will continue investigating a collaboration with Melrose and provide Electronics, French IV and Latin to all of our students. Because of collaborative efforts, we received a \$5000 grant which provides for alternative educational techniques. Wakefield became the host community for the Dearborn School, a school for special education students. It is housed in the Woodville School and not only allows our students to remain within our community, it has effected great cost savings to the school system. Future targeted areas include collaborative purchasing and warehousing of materials.

Another area of community cooperation has been the joining of business and education. The science program has a partnership with ABB Environmental and Clair Associates. Boston Technology has provided the system with Voice Mailbox and the University of Mass. at Lowell selected our high school to be the location of a Publishing Laboratory. These four partnerships have brought over \$350,000 to the school system.

Although we are presently faced with a small decline in enrollments at the high school, space needs are an area which must be addressed at the elementary, intermediate and junior high school levels as those enrollments are continuing to rise.

In order to provide a variety of extra-curricular activities, users' fees for the third consecutive year were reluctantly imposed by the School Committee. Because of fiscal difficulties I feel that this will become an accepted practice.

An Administrative Study Committee was established to study the restructuring of the high school. After much thought the department chairmen positions were abolished and department leader and master teacher positions were created.

The School Committee saw fit to lease a portion of the Warren School to W.C.A.T. to be used as a television studio. (School owned property on Main Street may help provide a portion of the land needed for a food market.)

This year witnessed a great cry from legislators and business people for educational reform. Part of the reform package suggested "School Choice." The School Committee unanimously rejected the school choice concept in its present form. The School Committee feels that this concept could devastate systems which are already in jeopardy. Educational Reform reports are being compared, contrasted and analyzed by the School Committee as we prepare to implement a compromise plan for the future, one adapted to our particular needs.

I believe communication must always be open and involve those people who

are affected. I appointed six of our professionals to the Administrative Study Committee and established an Elementary Study Committee which involves School Committee members, administrators and parents. This philosophy is also the basis of the Long Range Planning Committee. Several community members were asked to become facilitators for the Long Range Planning focus groups. All areas of the school system will be addressed as we head towards the 21st Century.

We recognize the importance of the PTO's, Parent Groups, and the Wakefield Education Foundation. Without individuals and groups who assist us, we would not be able to provide supplemental educational opportunities which we see as necessary for the survival of our school system.

The Wakefield Memorial High School Athletic Hall of Fame inducted its first honorees and the School Committee is represented on "Wakefield 350" Committee as we celebrate Wakefield's becoming incorporated.

I and the members of the Wakefield School Committee feel that there are many positive results of our efforts. Public education in Wakefield has much to be proud of in its accomplishments. Despite constraints, we are obligated to provide our students with opportunities. We must continue to provide society with a well educated population.

The School Committee extends its best wishes for happy, healthy retirements to:

#### REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE WAKEFIELD SCHOOL COMMITTEE

In 1991, the Wakefield School Department continued to reduce programs and personnel in order to develop a balanced budget restricted by limited funds. The Wakefield Finance Committee recommended that all departments including the schools balance their budgets by furloughs for employees for a week. The furlough mechanism for balancing the budget did not work as all groups of employees did not agree. It is required by law that such an issue be negotiated with union groups. Without negotiated agreements, furloughs were not possible. Fortunately, special education costs declined because of the strong efforts of the staff to improve the quality of regular education for all students. Reduced special education costs were mainly responsible for balancing the budget along with reduced custodial overtime.

The most obvious results of a budget which does not meet all the educational needs have been increased class sizes in the Atwell School, Galvin Junior High and many classes at Wakefield High.

Contracts with the School Department's six union groups were negotiated. The costs related to ratified contracts combined with increased enrollments and infla-

tion predict another difficult budget balancing year for the School Committee in preparing for the next school year.

### Education Reform

The education reform plans announced by Governor Weld and the legislators herald significant and dramatic changes. They include moving the day-to-day decision making away from school committees who will work more as a board of directors setting goals for the system. The principals of the schools along with a committee of teachers and parents will be responsible for the educational programs and for the hiring and firing of staff. Parents under the new School Choice law will be able to send students to any school that will accept them. School systems that lose students under School Choice will also lose a portion of their state aid. School Choice reflects the spirit of education reform which is accountability. A foundation budget will be set for all school systems. The city or town may not spend less than foundation budget which will be based on the number of pupils plus other criteria. Cities and towns may spend more if they choose. The recommendations for change in the education structure has been driven by a report of business men and women, *The Massachusetts Business Alliance on Education*.

The Wakefield school administrators look forward to the promise of the educational changes, especially the foundation budget and the movement of educational decisions closer to the schools. If such decisions are to be in the hands of the principals, teachers and parents, then it will be important for training of all parties to take place. There is a section in the proposed change law that provides for such training.

### Education Programs and Activities

The University of Lowell chose Wakefield High as the site of a writing and publishing laboratory. Coordinated by Lowell, the laboratory will include 22 computers contributed to Wakefield by the ATEX Corporation. These same computers are used in several major newspapers such as the *New York Times*. Students will use the technology to enhance their writing skills and to learn the skills and opportunities related to publishing. Builders Supplier of Somerville donated 22 tables to support the computers.

While ATEX Corporation and Builders Supplier are dramatic examples of business working with education, many other businesses and corporations have come forward to support the schools.

The Wakefield Educational Foundation, a group of citizens organized to raise funds for education, have distributed a second round of educational grants to Wakefield teachers. Teachers have prepared innovative educational programs with funding from the Wakefield Educational Foundation. The following is a sample of the programs supported by Wakefield Educational Foundation grants: Newsletter for Parents; Reflections H.S. Literary Magazine; Odyssey of the Mind; Using Trade Books in Curriculum; Enhancing the Math Curriculum Through the Use of Manipulatives; Interaction of All Students Through Art & Artistry; W.J.H.S. Book Appreciation; INCA Son-Music and Dance of the Andes; Math in the Future; Aspirations Magazine; Building Self Esteem in Children; Social Awareness: Differences and Discrimination; Atwell School Mini-Musical; Visit with Marcia Sewell; Self Esteem: Empowerment for Staff; Nature All Year Long; \*Fourth Grade Physical Fitness Program; Boy's Basketball.

\*Grant from National Healthcare Foundation

Special Education has made a dramatic change in focus. A strong effort has been made systemwide to have all teachers work as a team to focus all of the schools resources to keep students in regular education programs. Not only does the research demonstrate that special education students learn more in regular education programs, such programs are also more cost effective.

The following demonstrates the gradual declining numbers of students in special education programs.

### Plant Management

The following are some of the major projects that were undertaken to improve the physical plant of the School Department in 1991:

- Renovation of the Galvin Junior High School lavatories to accommodate physically challenged people.
- Renovation and upgrading of the lighting controls for Galvin Junior High auditorium and stage.
- Implementation of Technical Assistance energy audits and energy conservation projects in 6 school buildings with the financial and technical assistance of the Municipal Light Dept.
- Installation of new flooring in Junior High School kitchen.
- Installation of drainage in Walsh baseball diamond.

## *Report of the Board of Trustees Lucius Beebe Memorial Library*

Each year the Board of Library Trustees approves and adopts policies, maintains trust funds and works with the Director and staff to promote and protect library resources for the Town of Wakefield.

In 1991, Dan Sabbatelli, Gray Sawyer and John Sullivan were re-elected to three year terms. Officers were: Chairman — Gray Sawyer, Vice Chairman — Harold Regan, Secretary — Kristina Carrick.

The Board revised policies pertaining to staff perfect attendance, borrowers' rules, and meeting room use.

Trust monies were expended in 1991 for:

Lectures from visiting authors

Additional online catalog terminals

Youth Room Summer Reading Program, puppet show, and Museum of Science bus trip

Babysitting clinic

Youth Room crafts materials

Materials for wall displays

Tuition reimbursement

All members of the Beebe Library staff were involved in 1991 in the development of a Long Range Plan for the library. Completion of the plan may qualify the library for federal grant money for collection development. The plan will serve as a strategic guide as the library grows and changes in the years ahead. The staff has thus far completed, and the Board has approved, a planning timetable, a materials use study, a mission statement, and a statement of goals and objectives.

In 1991 the Board accepted with regret the retirement of Beatrice Wheeler, a reference librarian, and welcomed Anne Marie Mulligan to the staff as a part time reference librarian.

In 1991 the Friends of Beebe Library continued their fine record of contribution and service. Funds raised by the group were used to purchase furniture, recording equipment, book racks, museum passes, rental bestsellers and books on tape, as well as Infotrac, a computerized magazine index. The Friends organized a theater trip, their annual book sale, a bake sale, a trip to the Museum of Fine Arts and a membership drive.

Again in 1991 volunteers contributed time, talent and care to the great benefit of Beebe Library; the Trustees are very grateful for their efforts.

The Director and staff must also be congratulated for the dedication to their work which makes Beebe Library an outstanding department and a well-used and well-loved institution in the Town of Wakefield.

## REPORT OF THE LIBRARY DIRECTOR

### Library Use

The good news and the bad news are one and the same this year: library use is up. In the midst of a faltering economy, probably *because* of a faltering economy, library use has picked up significantly.

At 200,398 items, circulation shows a 10% increase over last year. About 2% is attributable to Lynnfield patrons who used Beebe Library while their own building was closed for renovations last summer. Still, Wakefield is reading more. In 1980, when Wakefield maintained two branch libraries, the total circulation generated from all three sites was 185,635.

Additionally, library users are more mobile. In 1990, the North of Boston Library Exchange logged 189,453 transactions to patrons using their hometown library cards at other member libraries. In 1991, nonresidents exercised this privilege within the network to borrow 232,832 items.

This increase in library use is a typical phenomenon during a bad economy, and is by no means peculiar to Wakefield or to this era. Libraries are gold mines for cash-strapped residents looking for inexpensive entertainment. Perhaps more important, library users save money on home repair, consumer purchases, job hunting, health care, travel, and hobbies. A trip to the library has been an important step in many decision-making processes.

### Library Support

Private support of the public library has been substantial. Individuals, civic groups, and businesses have augmented the library's budget by nearly \$60,500.

The library received, free of charge, the services of people engaged in tutoring for the literacy program, delivering books to shut-ins, and shelving books. All told, 4,340 hours of volunteer service were given to Beebe Library.

In addition, the book budget is augmented by the rental accounts established by the Friends of the Library, and by outright gifts from the Friends, civic groups, and individuals. The Rotary Club's gift purchased over thirty expensive new works for the reference collection.

The passing of several fine members of our community is noted by generous contributions from their friends and families. Tribute is paid to Margaret Gardner with new books for young children, and to Luther Enstad with classical music on compact discs. Clubs and civic groups continue to consider a gift to the library as an appropriate legacy for a departed member.

Other contributions completely eliminate expenses from the municipal budget. The Savings Bank provides cases for borrowers' cards. The Friends of the Library donate museum passes. The library's capital outlay budget has been minimal thanks to gifts of furniture and equipment from the Friends. This past year, the Municipal Light Department paid for an energy audit for the library. They will fund implementation of the lighting recommendations, cutting the library's energy bill.

For the trustees who give their time and expertise to this community institution, and for the staff who make it their life's work, the extent of library use and commensurate support is deeply gratifying.

Respectfully submitted,  
SHARON A. GILLEY  
Library Director

## PUBLIC SERVICES

### Online Catalog

In 1991, Beebe Library doubled the number of terminals available for use by patrons searching the North of Boston Library Exchange (NOBLE) network. This combined database gives Wakefield patrons access to the resources of 16 public libraries, and at the same time tells the searcher whether the book is available or in use. Eventually, library patrons will be able to search five nearby college library collections through this online catalog.

### Long Range Plan

The library has collected data to support a Long Range Plan to be filed with the Massachusetts Board of Library Commissioners. Beebe Library has defined its mission, set both long and short term goals and objectives, and will apply the knowledge gleaned to better serve Wakefield residents.

### Volunteers

Those who volunteered their time to keep our shelves in order include: Linda Connolly, Richard Flynn, Mary Gray, Ron McDougall, Andy Smith, Marlene Smith, Brian Snow, Jeff Thompson, and Jonathan Toth. Their work made a difference to every patron in search of a book.

Respectfully submitted,  
ELIZABETH OWENS  
Assistant Director and Head of  
Public Services

## CHILDREN'S SERVICES

Many Wakefield children come to the library for the first time for preschool story hours. The books are encountered with friends and friendliness in a setting geared to the child's age. The library attempts to take care of the strong and consistent interest in story hours by using volunteers when possible.

Directors of early childhood centers met with parents in January to discuss the variety of experiences available for children in the Wakefield area.

### School-Library Cooperation

Teachers often bring classes to the library both to make sure that every child has his or her own library card and to learn how to find information in the library. Stories, booktalks, and hunting for materials for special assignments are reasons which often prompt class visits. Fourth graders have been bussed to the library in winter for library skills practice in the form of games. The busses were paid for by the Parent Teacher Organizations.

Lawrence Pringle was our guest speaker for Author Day. The author of numerous award-winning science books was here in a cooperative effort by the School Department, the Parent Teacher Organizations and the Board of Library Trustees. His talk was funded, in part, by the Massachusetts Arts Lottery, as administered by the Wakefield Arts Lottery Council.

Reading lists of recommended books are sent home with all elementary school children as the summer vacation begins. There is a different list for each grade, with suggestions by interested teachers, parents and children considered carefully.

### Summer Reading Program

Our family-oriented summer reading program had astronomy as its theme and was called "Summer of a Thousand Stars."

- Jill Tapper volunteered to run a book discussion group each week during the summer.
- Esther Nowell and the Animal Rescue League staged the annual Pet Show to allow library users to celebrate their pets and to increase knowledge of pet care responsibilities.
- Susan Linn brought her puppets for the entertainment of the youngest children, and the Ninots Puppets performed for school-age children.
- Allen McRae, an area high school teacher, spoke with the children on what constituted a star and what we mean by a moon and much more.
- The Planetarium hosted a busload of enthusiasts for Space Day.
- Jane Winchell, an area environmentalist, spoke on bats and what she has learned about them.
- Writers of all ages submitted original work for the science fiction writing contest.

Story hours and craft programs were interspersed during the summer months and, for those who finished their summer reading contracts, there was a special party with a local space hobbyist showing his space travel models to a group that plainly shared his interest.

Respectfully submitted,  
ISABEL WILBER  
Children's Librarian

### READERS' AND INFORMATION SERVICES

#### Book Collection

Book prices continued to increase at a rate greater than inflation. For the first time, a regular edition of a novel, *Harlot's Ghost* by Norman Mailer, listed at over thirty dollars. Mark Sardella worked hard to maintain a quality fiction collection despite these higher prices. The loan period for books on reserve was shortened to one week.

The poor economy had an impact on demand for services. Maureen Nevin managed an impressive collection of books on job hunting, resume writing, and career changes. She also provided materials on colleges and scholarships. Responding to the heavy demand for information on higher education, Ms. Nevin introduced a seminar on the College Admissions Process and Financial Aid Strategies in November for students and parents.

The collapse of the Soviet Union meant that most books on European history, politics, and travel were obsolete. New books brought these sections of the non-fiction collection up to date. Books on living trusts, paying for nursing home care, and home repair were very popular this year.

#### Programs

Civic groups heard booktalks about new and not-to-be-missed works. These groups included the Wakefield Retired Men's Club, the Stoneham Women's Club, the Reading Women's Club, the Junior Women's Club, the Rotary Club, the D.A.R., and the Sisterhood of Temple Emmanuel.

The Greenwood Book Discussion Group meets on the fourth Thursday of the

month. The Senior Citizen Book Group meets at the Lincoln School on the third Wednesday of the month.

The Library Trustees continued their support of the speakers program. Mystery writer William Tapply shared his writing secrets at a May 16th program. Jeremiah Healy spoke about being a lawyer and a mystery writer on October 22nd.

Russell Banks, on a national speaking tour to promote his book *The Sweet Hereafter*, entertained an audience including many of his 1956 classmates from Wakefield Memorial High School. Banks spoke of the importance of the Beebe Library in his teenage years.

The Friends of the Beebe Library planned a bus trip to the Museum of Fine Arts on November 14 to view the Cone Collection on loan from the Baltimore Museum of Art.

### Staff

Adult Services Librarian Beatrice Wheeler retired after many years of service. Miss Wheeler, former Montrose Branch Librarian, was noted for her personal service in book selection. Her talent for matching book and patron was particularly useful in selecting books for the Home Delivery Service.

Respectfully submitted,  
CHARLOTTE THOMPSON  
Readers' and Information  
Services Coordinator

### HOME DELIVERY SERVICE

Home delivery continues to be a much appreciated service at the Beebe Library. Residents unable to visit the library can request that a selection of books of particular interest to themselves be delivered to their homes. Nursing homes also avail themselves of this delivery system.

Thanks to a very warm-spirited group of volunteers, we are able to meet the reading needs of a special and grateful segment of the community.

Members of the volunteer squad include: Nancy Benjamin, Marie Beyer, Frances Ciciarella, Sara DiPerri, Nancy DiTullio, Helen Fallica, Mary Gray, Kristen Henshaw, Evelyn Holmes, Debbie Judge, Alice Morrison, Gail Shelvin, Pat Silveira, Elinor Smith, and Kathy Young.

Respectfully submitted,  
MAUREEN NEVIN  
Librarian

### COMMUNITY RELATIONS

#### Cable Television

The library continues to take advantage of the public relations possibilities offered by the local access cable television channel. In fact, 1991 was a particularly active year in this regard, as numerous lectures and events presented by the library were covered on video.

Author lectures that made it to the local TV screen included talks by William Tapply, Russell Banks, and Jeremiah Healy. Other library programs that reached a wider audience through television included: the Library Pet Show (televised for the eighth consecutive year); a panel discussion on child care options and pre-school education; a children's educational program on bats; and a program on the college

application process. The library's ability to present these programs to the local cable audience has been enhanced by the cooperation of the staff and volunteers at Wakefield Community Access Television (WCAT).

### **Exhibits**

The library display areas were an educational channel of another kind. The glass display cases and the Tall Hall exhibit area hosted a large number of creative displays by local groups and individuals. Among those using the library's exhibit space in 1991 were: the Earth Day Committee, the Wakefield Historical Commission, the Wakefield Campfire organization, PAWS, the Wakefield 350 Committee, the Wakefield Girl Scouts, Creative Arts, the Wakefield Historical Society, Kristen Henshaw, the Galvin Committee, and the Municipal Light Department.

Respectfully submitted,  
MARK SARDELLA  
Librarian

## **TECHNICAL SERVICES**

### **North of Boston Library Exchange (NOBLE)**

Through our affiliation with the NOBLE network of 16 public libraries and 6 college libraries, Beebe Library provides access to over 600,000 titles. NOBLE Central Site continues to provide comprehensive cataloging for recent acquisitions in all member libraries. In addition, full cataloging is now available for audio-visual materials including records, cassettes, compact disc recordings, and videos.

Wakefield's public access terminals, also known as the online catalog terminals, continue to be used heavily. In order to continue to provide good response time to users of the public access terminals, NOBLE has applied for several grants to allow for growth of the network and to improve speed of access to the database.

### **Inventory of Library Materials**

With the assistance of NOBLE Central Site, the library conducted an inventory of materials which have not circulated in over six years. This process identifies materials which are no longer on the shelves, updates holdings statistics, and weeds outdated materials.

### **Gift Magazines**

In its efforts to maintain the magazine collection, the Technical Services Department again requested donations of gift magazines from Wakefield community organizations and individuals. All of last year's donors renewed their gift subscriptions, and the library received some additional donations as well. In all, the library received 67 gift subscriptions from 42 donors, at a value of nearly \$1500.

Respectfully submitted,  
REBECCA ROHR  
Head of Technical Services

## **ADULT LITERACY PROGRAM**

The Adult Literacy Program follows the academic year. The 1990-91 program year ended in June with a full capacity of 65 student/tutor pairs. The program mix was approximately two-thirds English as a Second Language and one-third Basic Reading Skills. Several pairs opted to continue meeting through the summer break.

The 1991-92 program year started in September with a two week registration

and tutor training period. This year was unusual in that it was the first time in several years that there weren't enough tutors to immediately place all the students. This was caused in large part by the local economic downturn which resulted in a turnover of tutors who left to relocate, seek other employment, etc. New tutors have been sought and the response has been good. New students are being placed as space is available.

As of December, the workshop had matched approximately 45 pairs. Some tutors have been working with the same students for several years, which attests to the dedication of the tutors and the value of the service they provide.

NANCY TOLLESON

*Report of*  
MUNICIPAL LIGHT DEPARTMENT

# *Report of the Municipal Light Department*

To the Citizens of the Town of Wakefield:

Our ninety-eighth Annual Report of the Municipal Light Department covers the fiscal period July 1, 1990 to June 30, 1991.

The total electric sales increased by approximately 1.9% over fiscal year 1989/90 due mainly to an increase in KWH sales to the Edgewater Office Park off Audubon Rd. The Department is currently in litigation with Northeast Utilities concerning its takeover of Public Service of New Hampshire and access to its transmission lines. The Department has also had energy audits done for five schools, the library and the Town Hall. We have set aside \$80,000.00 as matching funds for the school department to install energy conservation measures at the High School and the Junior High School. We are paying for the re-lamping of the library in order to reduce their KWH usage and will be funding conservation measures at the Town Hall.

Our gas sales were down by approximately 2.3% due to the relatively warm winter although we continue to add new gas heat customers. The Department is in the process of investigating a possible connection with the TENNECO transmission line which may help to reduce our purchase gas expense and reduce the cost of gas to our customers. We continue to upgrade the gas distribution system in order to assure our customers of an adequate and reliable gas supply.

## **SPECIAL TOWN MEETING**

**FEBRUARY 11, 1991**

Moderator John Lawrence Harrington called the Special Town Meeting to order at 7:30 p.m. in the auditorium of the Junior High School, 525 Main Street, Wakefield, MA. There were 159 in attendance.

Mr. Harrington paid tribute to Henry Floyd Sampson, a Finance Committee member since 1975, who passed away on January 11, 1991. Mr. Sampson's many contributions to the Town included his expertise in the areas of public works and historical issues.

A moment of silence was observed for the troops serving in the Persian Gulf War — Desert Storm.

Finance Committee Chairman Philip F. McCarty moved that the reading of the warrant with the exception of the Constable's return be dispensed with. Motion was seconded and voted. The Constable's return was read by the Moderator.

### **ARTICLE 1**

To see if the Town will vote to amend Chapter II of the General Bylaws of the Town entitled *Town Meetings and Rules of Procedure Thereof*, by adding thereto Section 19 as follows:

"Section 19. A quorum consisting of One Hundred Fifty (150) registered voters shall be necessary for the conduct of all town meetings, failing which the meeting shall be adjourned to another day and time by a majority of registered voters in attendance."

Board of Selectmen

On motion by Finance Committee:

**Voted: Indefinite Postponement**

### **ARTICLE 2**

To see if the Town will vote to transfer jurisdiction of two parcels of land, namely Lot 15 and Lot 16, Map 22 of the Wakefield Assessors' Maps, from the Board of Selectmen to the Conservation Commission, or to see what the Town will do about it.

Board of Selectmen

On motion by Finance Committee:

**Voted: Indefinite Postponement**

### **ARTICLE 3**

To see if the Town will vote to increase the membership of the Conservation Commission from five (5) to seven (7) members, two of which shall be associate members, having no voting privileges, appointed initially for terms of two (2) years, and three (3) years respectively and every three (3) years thereafter, or to see what the Town will do about it.

Board of Selectmen

On motion by Finance Committee:

**Voted:** That the Town increase the membership of the Conservation Commission from five (5) to seven (7) members, two of which shall be associate members, having no voting privileges, appointed initially for terms of two (2) years, and three (3) years respectively and every three (3) years thereafter.

#### ARTICLE 4

To see if the Town will authorize and instruct the Board of Selectmen to petition the General Court for such legislation as may be necessary to amend Chapter 48 of the Acts of 1950, An Act Authorizing the Town of Wakefield to Establish a Department of Public Works and a Board of Public Works Exercising the Powers of Certain Other Boards, Departments, and Town Offices, by revising in its entirety the last sentence in Section 1 of said Chapter 48 of the Acts of 1950 to read as follows:

## **SPECIAL TOWN MEETING SECOND SESSION FEBRUARY 14, 1991**

With 104 in attendance, the Moderator opened the meeting at 7:30 p.m. in the auditorium of the Junior High School, 525 Main Street, Wakefield. With no students available to handle the microphones, Hugh Beagan and Leo Beane volunteered to serve as pages.

A request for reconsideration of all nine (9) articles voted on at the First Session was filed at the Office of the Town Clerk by Sabatino Benedetto.

Reading from the Town Bylaws, Chapter 2, Section 7 . . . "There can be no reconsideration of a vote once reconsideration has occurred or after a vote not to reconsiderate it," Harrington ruled that the request was flawed as a vote for reconsideration had occurred for Article 9. The Moderator acknowledged that the Benedetto request was "timely" but noted it was for "reconsideration of all articles."

With reference to a blanket motion to reconsider all articles acted on, Attorney Harrington read a paragraph from the text of *Town Meeting Time*, subtitled "A Handbook of Parliamentary Law," by Richard Johnson, Benjamin A. Trustman, and Charles Y. Wadsworth. After concluding his reading of that paragraph Moderator Harrington denied the blanket request of Benedetto.

Mr. Harrington then moved on to Article 10.

In order to implement a program of recycling in conjunction with ordinary waste collection, owners, residents, and occupants of every household, residential unit, or other building whose waste is collected as a Town service, shall separate for collection, in such a manner as designated by the Board of Public Works, the following categories of waste materials:

1. Newspapers
2. Glass (Clear and colored)
3. Aluminum and metal cans
4. All other waste

Section 2. The Board of Public Works shall adopt regulations to implement a program of recycling in the Town. The regulations adopted by the Board may be amended to add other categories to the preceding list of waste materials to be separated as the Town develops programs and the capacity to collect and recycle other waste material.

Section 3. If waste materials are not separated as described above or by regulations promulgated under this Bylaw, and the unseparated materials are left or put out for waste collection, the Town or its agent will not be required to pick up the unseparated materials. The owner of the property or the person who left or put out the unseparated waste must remove any such uncollected materials within a twelve-hour period and shall be subject to a fine of \$50.00 for each time unseparated materials are put out for collection.

Sam Benedetto's amendment to delete any monetary fine for non-compliance to the Bylaw was seconded and voted. The last sentence of the new bylaw to read: The owner of the property or the person who left or put out the unseparated waste must remove any such uncollected materials within a twelve-hour period, and there shall be no monetary fine connected with this bylaw.

Main motion by the Finance Committee including Benedetto's amendment carried.

Boston, Massachusetts

# *Seventy-Seventh Annual Report of the Town Accountant*

FOR THE FISCAL PERIOD ENDING JUNE 30, 1991

The total cash expenditure processed by the Town Accountant's office amounted to \$68,991,622.98.

The total cash receipts amounted to \$69,555,183.57 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The records of the Town Treasurer have been examined and found to be in agreement with the accountant's balances.

The operating cash balance as of June 30, 1991 is as follows:

Revenue Cash	\$ 4,778,446.25
Employees' Group Health Insurance Claims Trust	1,416.64

Trust Funds have been checked by examination of Securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities, and Checking Account.

Balance was in agreement as of December 31, 1990 with the Accountant's balance. Funds are invested as follows:

Checking Account	\$ 249,452.84
PRIT Cash Fund	160,000.00
PRIT Capital Fund	16,535,444.86

All cancelled, permanent, and temporary loans paid during the year by the Treasurer have been examined and found to be as reported.

A general financial audit of the Town of Wakefield, for the fiscal year ending June 30, 1991, was performed by KPMG Peat Marwick, Certified Public Accountant, Boston, Massachusetts. The complete financial statements of the Town, together with the report of KPMG Peat Marwick are on file in the office of the Board of Selectmen and are available for review upon request during normal business hours.

MATTHEW J. BURNS, JR.  
Town Accountant
